

# Dinton Pastures Country Park Permanent Orienteering Course

**WOKINGHAM  
BOROUGH COUNCIL**

## THE MAP

This map has been specially drawn for orienteering to a large scale and using internationally recognised symbols. Before you start your course, you are recommended to look carefully at the map and understand it.

## THE COURSE

The centres of the red circles indicate the positions of controls and the control number is printed next to each circle. The control descriptions (see below) tell what the feature at the centre of the circle is and the control will be near this feature.

## HOW TO COMPLETE THE COURSE

Before you start, choose which controls you wish to visit. A number of suggested courses suitable for beginners are given below. The idea is to go around the course, visiting the controls in the correct order. At each control site there will be a post with the number of the control and a letter. Mark the letter in the correct box on your map.

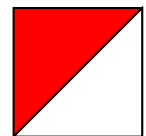

## CONTROL DESCRIPTIONS

- |                   |                           |                      |
