Mobile Climbing Tower

A headline attraction and a big hit at many local events who are looking for something extra. At 6.9m high and a climbing face of 6.5m, it is sure to draw in the crowds and create a memorable experience.

Featuring four automatic belay systems allowing up to four climbers to ascend simultaneously, each side is a unique challenge with routes and features to suit everyone. Our hoist system makes the wall accessible to people of all abilities and additional instructors are available to hire where required.

Our standard package includes four automatic belays, one fully qualified and experienced climbing instructor plus assistant, full public liability insurance and high quality safety equipment. Delivery is included within Wokingham Borough.
